Experience

Web Developer

June 2022 - Present

- Develop and maintain web applications using React, Node.js, and JavaScript technologies.
- Work collaboratively with cross-functional teams and stakeholders to deliver high-quality projects.
- Utilize industry best practices and coding standards to ensure high-quality code.
- Integrate third-party APIs into web applications, including payment processing and social media.
- Optimize web applications for maximum speed, scalability, and usability.

Accountant

Dec 2019 - May 2022

- Managed bookkeeping needs for several capital funding companies including creating chart of accounts and bank reconciliation.
- Organized, formatted, and imported large amounts of data from CRMS, other software and google sheets.
- Designed and implemented a comprehensive loan tracking system using multiple interlinked Google Sheets and Google App Scripts.
- Utilized the accounting system for multiple companies owned by Alpha Capital and provided consulting services to other companies.

Nursing Home Game Creator

Feb 2017 - Feb 2019

- Developed interactive group games for elderly care facilities to address the lack of stimulating and engaging content for elders.
- Grew client base to over 30 nursing homes and hundreds of happy users.
- Managed accounts receivable and gained a broad understanding of business and management.

AP Regional Manager

Jan 2015 – Mar 2017

- Oversaw AP transactions and personnel for four nursing homes.
- Negotiated with vendors for more favorable contracts.
- Maintained all accounts payable reports, spreadsheets, and files.
- Acted as a liaison between corporate and nursing home accounts payable departments.
- Managed emails and website domains for the corporate staff.
